

The nationally recognised training accreditation from the UK's Sector Skills Council for Health

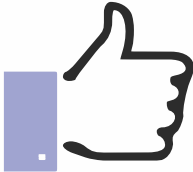

Skills for Health

Quality Mark 

The Quality Mark gives you the reassurance needed that training has been robustly assessed to meet your exacting needs. Quality Mark identifies and supports organisations in their mission to deliver training excellence by conducting rigorous reviews of delivery, strategy and quality assurance practices.

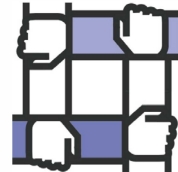

The benefits of being a Quality Mark accredited provider

Confidence

Learners can be assured that their training is of the highest quality, giving them the confidence to continue to deliver excellent healthcare.

Community

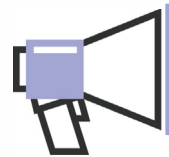

Join a growing network of organisations committed to demonstrating exceptional, quality assured learning and development.

Recognition

As your programmes are trusted by the UK's Sector Skills Council for Health, you will be listed as a trusted and assured provider on the Skills for Health Website.

Raise your profile

Displaying the Quality Mark logo is a sign of recognition that employers, learners and service users will appreciate, demonstrating that you provide the highest quality of training.
